

# LINDER 440 FISHING – SOLAR CELL PACKAGE

Easy to mount on either side of the hull between stern and midship seats. The battery is most easily mounted in the stern. If you have used 75% of the battery's charge, a full recharge takes around 48 hours.

## CONTAINS:

- 1 x 35 W (2 A) marine solar panel
- 1 x charge controller
- 1 x battery box
- Wiring, screws, cable ties, battery pole shoes and solar panel fasteners

## EXTRAS:

- 1 x leisure battery (75 Ah)
- Electric motor of your choice (do not choose the smallest)

Greetings from Sweden
